Tell Us About Your Vision and Work

Though racism is not new, the events of 2020 and 2021 have reinforced for us how important it is to commit and recommit ourselves to fighting systemic racism in order to create a truly equitable and just society. For our 2021 grant cycle (and hopefully beyond), we intend to push
our grantmaking to support organizations and projects that are focused on anti-racism work and advancing equity.

1. What’s your vision for a more racially equitable DMV area? How do you want to contribute to that vision? (400 words or fewer)
2. What does your organization currently do and who does it serve or support? Please be as specific as possible about race, ethnicity, numbers of people served. (250 words or fewer)
3. Is there anything else you’d like to share with us? (100 words or fewer) (Optional)

Almost Done!
